Program:						
1. Alter the JTPA statutory requirements for an SHRIC by permitting a lower percentage of education agency representatives in exchange for a greater percentage of private sector and business and industry representatives. This would permit the development of a single statewide advisory council, the Workforce Development Council, approved by the legislature, and requiring only 12 % representation of education agencies rather than the not less than 15% required for the SHRIC. <i>(HI97-001)</i>			X			This request is waive a title VII requirement which is outside the Secretary's authority to grant for JTPA, which is limited to provisions of titles I - III.
2. Waive the Youth OJT wage requirement when indicated as appropriate in the objective assessment and individual service strategy for youth on-the-job training. <i>(HI98-002)</i>	X					
3. Provide stand-alone work experience for both youth and adults in instances when an individual service strategy substantiates its use as appropriate. <i>(HI98-003 and 004)</i>	XX					Work experience shall be accompanied by additional services unless the individual service strategy demonstrates such additional services are not warranted.
Administrative:						
1. Reduce the cost categories to two: Administration and Program. <i>(HI98-005)</i>	X
